REACT

React

- Industry-leading framework
- Enormously huge ecosystem
- Quite simple to adopt

Know the basics

HTML, CSS, JS, but know them deeply.
We really appreciate people being familiar with how the browsers work, what is DOM, events, closures, and so on.

React is required at a basic level: knowing how it works overall, common APIs, and features.

Where to start:

You Don't Know JS Yet ↗

JavaScript Info ↗
